Subpart A—Purpose, Scope, and Definitions

§ 166.1 What is the purpose and scope of this part?

(a) The purpose of this part is to describe the authorities, policies, and procedures the BIA uses to approve, grant, and administer a permit for grazing on tribal land, individually-

owned Indian land, or government land.

(b) If the BIA's approval is not required for a permit, these regulations will not apply.

(c) These regulations do not apply to any tribal land which is permitted under a corporate charter issued by us pursuant to 25 U.S.C. § 477, or under a special act of Congress authorizing permits without our approval under certain conditions, except to the extent that the authorizing statutes require us to enforce such permits on behalf of the Indian landowners.

(d) To the extent that any provisions of this part conflict with Section 213 of the Indian Land Consolidation Act Amendments of 2000, the provisions of that act will govern.

(e) In approving a permit on behalf of the Indian landowners, the BIA will not permit for fee interest owners nor will we collect rent on behalf of fee interest owners. Our permitting of the trust and restricted interests of the Indian landowners will not be conditioned on a permit having been obtained from any fee interest owners. However, where all of the trust or restricted interests in a tract are subject to a life estate held in fee status, we will approve a permit of the remainder interests of the Indian landowners only if such action is necessary to preserve the value of the land or protect the interests of the Indian landowners. Where a life estate and remainder interest are both owned in trust or restricted status, the life estate and remainder interest must both be permitted under these regulations, unless the permit is for less than one year in duration. Unless otherwise provided by the document creating the life estate or by agreement, rent payable under the permit must be paid to the holder of the life estate under part 179 of this title.

§ 166.2 Can the BIA waive the application of these regulations?

Yes. In any case in which these regulations conflict with the objectives of the agricultural resource management plan provided for in § 166.311 of this part, or with a tribal law, the BIA may

§ 166.3

waive the application of such regulations unless the waiver would constitute a violation of a federal statute or judicial decision or would conflict with the BIA's general trust responsibility under federal law.

§ 166.3 May decisions under this part be appealed?

Yes. Except where otherwise provided in this part, appeals from decisions by the BIA under this part may be taken pursuant to 25 CFR part 2.

§ 166.4 What terms do I need to know?

Adult means an individual Indian who is 18 years of age or older.

Agency means the agency or field office or any other designated office in the Bureau of Indian Affairs (BIA) having jurisdiction over trust or restricted property or money.

Agricultural product means:

(1) Crops grown under cultivated conditions whether used for personal consumption, subsistence, or sold for commercial benefit;

(2) Domestic livestock, including cattle, sheep, goats, horses, buffalo, swine, reindeer, fowl, or other animals specifically raised and used for food or fiber or as a beast of burden;

(3) Forage, hay, fodder, food grains, crop residues and other items grown or harvested for the feeding and care of livestock, sold for commercial profit, or used for other purposes; and

(4) Other marketable or traditionally used materials authorized for removal from Indian agricultural lands.

Agricultural resource management plan means a ten-year plan developed through the public review process specifying the tribal management goals and objectives developed for tribal agricultural and grazing resources. Plans developed and approved under AIARMA will govern the management and administration of Indian agricultural resources and Indian agricultural lands by the BIA and Indian tribal governments.

AIARMA means American Indian Agricultural Resources Management Act of December 3, 1993 (107 Stat. 2011, 25 U.S.C. 3701 *et seq.*), and amended on November 2, 1994 (108 Stat. 4572).

Allocation means the apportionment of grazing privileges without competi-

tion to tribal members or tribal entities, including the tribal designation of permittees and the number and kind of livestock to be grazed.

Animal Unit Month (AUM) means the amount of forage required to sustain one cow or one cow with one calf for one month.

Approving/approval means the action taken by the BIA to approve a permit.

Assign/assignment means an agreement between a permittee and an assignee, whereby the assignee acquires all of the permittee's rights, and assumes all of the permittee's obligations under a permit.

Assignee means the person to whom the permit rights for use of Indian land are assigned.

BIA means the Bureau of Indian Affairs within the Department of the Interior and any tribe acting on behalf of the BIA under this part.

Bond means security for the performance of certain permit obligations, as furnished by the permittee, or a guaranty of such performance as furnished by a third-party surety.

Conservation plan means a statement of management objectives for grazing, including contract stipulations defining required uses, operations, and improvements.

Conservation practice means a management action to protect, conserve, utilize, and maintain the sustained yield productivity of Indian agricultural land.

Day means a calendar day.

Encumbrance means mortgage, deed of trust or other instrument which secures a debt owed by a permittee to a lender or other holder of a leasehold mortgage on the permit interest.

Emancipated minor means a person under 18 years of age who is married or who is determined by a court of competent jurisdiction to be legally able to care for himself or herself.

Fair annual rental means the amount of rental income that a permitted parcel of Indian land would most probably command in an open and competitive market.

Farmland means Indian land, excluding Indian forest land, that is used for production of food, feed, fiber, forage, and seed, oil crops, or other agricultural products, and may be either dry
